THE COMPLETED WORK

A singular sculptural object built around an old grapevine - the central and irreplaceable element of the work.

The artwork itself remains unchanged.

FREESTANDING PRESENTATION

Two presentation studies shown in full. The artwork itself remains unchanged.

FREESTANDING — STUDY I

The buyer may select a freestanding or suspended glass enclosure.
Only the enclosure and display function may vary; Vitis Vinifera remains a unique 1 of 1 artwork.

FREESTANDING — STUDY II

VITIS VINIFERA

THE SCULPTURAL WORK

The unique sculpture shown outside its final architectural enclosure.

Documentation of the original artwork and its material presence. Vitis Vinifera remains a unique 1 of 1 work.

FUNCTIONAL LIGHT SCULPTURE

NUMEN VINEAE

Existing functional light sculpture - developed for wine and hospitality environments.

SCULPTURE + LIGHT

A realized human-scale functional artwork.
The illuminated elements are integrated into
the sculptural body rather than added as decoration.

SITE-SPECIFIC DEVELOPMENT

NUMEN VINEAE / OUTDOOR

Site-specific vineyard development - concept visualization.

OUTDOOR DIRECTION

CONCEPT VISUALIZATION

This image demonstrates an outdoor direction, not a finished site proposal.

For each estate, a new work can be developed specifically for its architecture, vineyard, landscape and visitor experience.

Any outdoor version would be engineered for Outdoor versions would be engineered for permanent exterior installation and appropriate environmental conditions.

The final work would be created specifically for the selected estate.

SPIDER LIGHT

LIMITED EDITION | 18 NUMBERED EXAMPLES OF EACH MODEL

An articulated brass light conceived as a sculptural presence within cellars, tasting rooms and wine estates. In the web installation, the architecture itself becomes part of the work.
